# UPGRADE YOUR EVENT WITH SAFETY, QUALITY AND COMFORT.

**The World Series of Beach Volleyball** is an unprecedented event, bringing together the world's best beach volleyball players, chart-topping musical artists, cutting-edge brands, and a host of beach-related activities for an epic week of elite competition and fun in the sun.

This year's event will showcase the best athletes in the world and Seating Solutions was there once again to provide spectators with the best seats in the house.

**Seating Solutions** supplied the entire 1,600 seat elevated stadium with a combination of our 12" and upgraded 16" rise stadium flip up seats for unmatched sight lines to field of play.

As always, our system is fully safety code compliant with a picket rail package on all sides, aisles for egress with mid-aisle handrails and a lower level crosswalk leading to end stairways for entry/exit.

**For more information please contact... Rentals@SeatingSolutions.com** or call **631-845-0449** and one of our design specialist would be happy to assist you.

We look forward to making your next special event unique with safety, quality and comfort.

If you can't make it to Long Beach, CA, you can always tune onto to **ABC/ESPN July 13 - 16, 2017** to check it out!
